

January 17, 2008

The Tennessee Society of Gastroenterology Nurses and Associates (TSGNA) would like to invite you and your company to exhibit at our 27<sup>th</sup> annual education program. This will be held on October 10, 11 and 12, 2008 at the Crowne Plaza, Knoxville, Tennessee. There will be two exhibit sessions on Saturday, October 11.

The TSGNA course offers your company a unique opportunity to interact effectively with the nurses and associates that utilize your products and services. You are invited to participate in one of the most complete and fastest growing local exhibits of products in the field of Gastroenterology and Endoscopy. Cost of each exhibit space is \$600.00.

TSGNA provides a wide range of partnership opportunities, including financial sponsorships of: speaker honorariums, course related items (bags, nametags, syllabus and printing), food functions, as well as the opportunity to make a contribution to the scholarship fund. This money enables local SGNA members to attend the national conference offered once a year.

While TSGNA greatly appreciates and acknowledges all support, credit is given for donations of \$250 and higher as follows:

Platinum - Greater than \$1,500	Gold - \$1,001 to \$1,500
Silver - \$501 to \$1,000	Bronze - \$250 to \$500

TSGNA members value the leading edge technical input from vendors and the professional relationships established over the years. We look forward to your continuing involvement in our learning and development regarding new products and services, through your participation in our annual course.

A block of rooms will be held at Crowne Plaza for this event. If you need to book a room, please advise the reservation desk that you are with the TSGNA annual educational course in order to get the discounted room rate.

Please complete the enclosed application and contract and return no later than September 1, 2008. Your prompt response is important, as our exhibit space is limited. Additional information and instructions will follow upon receipt of your application.
